19	20	21	22	23	24	25
26	27	28	29	30	31	

REMEMBER: This is a "ZERO-SORT" recycling program. What is and is not acceptable is listed on the back of this page; however, you do NOT need to sort. You may bring everything down in one container and empty it there. You WILL need to dump items loose into the dumpsters; in other words, you cannot 'sling' a large plastic bag into the dumpsters. Please rinse your recyclables; it will help keep both odor and animals away!
